Administrative and statutory matters

(b) Financial situation of the Organization

Addendum 1

Annexes:

- I. Statement of contributions due from Full and Associate Members at 31st August 2011
- II. Plan of expenditure for 2011 in accordance to new structure

(a) Estimated Budgetary Income and Expenditure for 2011

1. As of 31 August 2011, and in view of the level of contributions received, the plan of income and expenditure established by the Secretary-General shows no differences in the total estimations with respect to the previous expenditure plan at 30 June 2011 submitted to the General Assembly in document A/19/10(b). Therefore, the expenditure forecast for 2011 remains at EUR12,300.000, representing 96 per cent of approved appropriations by the 18th General Assembly.
2. However, some allotments have been adjusted within the different programs of the Budget according to the priority activities planned before the end of the year, in their corresponding programs of work.
3. As a consequence of the anticipated savings in staff costs generated by keeping posts vacant, the allotment under this item has been reduced in EUR207,000 with respect to the previous plan of expenditure. This amount has been redistributed by increasing the allocations within the following programs: EUR55,000 have been added to the Regional Programs, EUR87,000 to the Operational Programs and EUR65,000 to the Members' Direct Support programs.
4. Annex II of this document shows the new distribution of allotment by program and sections in the plan of expenditure for 2011 compared with the previous one as of 30 June 2011.

(b) Income and Expenditure results as of 31 August 2011

(in euros)

	Revised Plan of Income and expenditure	Income and expenditure made at 31/08/2011
BUDGETARY INCOME	11,433,000.00	10,503,377.32
Contributions of Members	10,470,000.00	9,459,377.32
Other income	963,000.00	1,044,000.00
EXPENDITURE	(12,300,000.00)	(11,248,009.17)
Differences	(867,000.00)	(744,631.85)
Transfers from the Working Capital Fund	867,000.00	744,631.85
Income received from arrear contributions	1,000,000.00	785,531.34
Results	<u>133,000.00</u>	<u>40,899.49</u>

5. Income receipts at 31 August 2011 amount to EUR10,503,377.32 and represent 92% of the income estimates for the year (EUR11,433,000) as shown in the plan of income and expenditure. The level of contribution receipts for the current year amounts to EUR9,459,377.32, and is slightly higher than the average of the two preceding years for the same period. This amount represents 81% of the total amount to be received from Members for the current financial year (EUR11,723,765.12) and 90% of the estimated income from contributions (EUR10,470,000). However, arrear contributions received to date (EUR785,531.34 representing 79 per cent of the estimated amount for 2011) remain at a lower level than in 2009, year in which the previous General Assembly was held.

6. The implemented expenditure as of 31 August 2011 amounts to EUR11,248,009.17 out of which EUR7,230,691.39 have already been disbursed, furthermore EUR4,017,317.78 are already committed until year end, staff costs included.

7. Taking into account the expenditure implemented, the balance between income and expenditure shows a deficit of EUR774,631.85 completely covered by arrears received. Current treasury balance amounts to EUR3,272,685.93 if we only consider disbursements carried out.

8. In view of disbursements made as well as the income and expenditure forecast until the end of the year, it appears that the income and expenditure plan for 2011 will be accomplished, having a small margin, as per the plan of expenditure.
