

Inbound Tourism

- To measure Inbound Tourism
 - ☐ Currently, the main sources inbound tourism statistics
 - Passport/ Administrative procedures e.g. Visa
 - Use of entry or debarkation/ embarkation cards
 - Use of information recorded by border official
 - ☐ Future plans
 - We plan to supplement inbound information by the registration records of collective accommodation establishments (Tourism Act 2008.

Inbound Tourism

- **Length of stay**

- ☐ Length of stay is estimated from the tourism exit sector survey conducted annually.
- ☐ The survey is conducted in both season of high and low volume

- **National living abroad**

- ☐ Under the current system of inbound tourism statistics nationals living abroad are not included during reporting.
- ☐ We need to change from reporting on nationality to usual residence.

-Usual residence is the address of the dwelling where a person self-identifies that SHE/HE usually live.
