Report of the Secretary-General

Part I: Programme of Work

(e) The International ST-EP Organization

I. Report on the transformation process of the UNWTO ST-EP Foundation into the International ST-EP Organization

A. Background

1. UNWTO and the UNWTO ST-EP Foundation (hereinafter referred to as the “ST-EP Foundation”), with the guidance from the UNWTO Member States and the ST-EP Foundation’s Board of Directors, have been working for the past two years on the transformation process of the ST-EP Foundation into the International ST-EP Organization.

2. In 2002, UNWTO launched the Sustainable Tourism-Eliminating Poverty Initiative at the World Summit on Sustainable Development in Johannesburg. In the framework of this initiative, UNWTO and the Republic of Korea signed an agreement in 2004 to establish the ST-EP Foundation, located in Seoul, with the aim to promote poverty elimination through sustainable tourism development programmes and projects. The ST-EP Foundation was established pursuant to the resolution of the General Assembly (503(XVI)) as a non-profit foundation under Korean Law, operating under the control and supervision of UNWTO.

3. In 2009, the 18th session of the General Assembly held in Astana, Kazakhstan, welcomed the initiative of the Secretary-General to review the existing association agreements with the external entities associated with UNWTO (including the ST-EP Foundation) and “their relationship with the UNWTO Secretariat and its programme of work” (resolution 574(XVIII)).

4. Following an exhaustive analysis of the ST-EP Foundation’s governance and operations and relevant consultations with the Government of the Republic of Korea and the ST-EP Foundation, the need for a change of status and governance relationship with UNWTO appeared to be essential for the effective fulfilment of the Foundation’s activities. In view of this, at the 20th session of the UNWTO General Assembly in August 2013, the Secretary-General proposed that the ST-EP Foundation become fully independent from the UNWTO, with a conversion into an international organization, the International ST-EP Organization, operating under International Law, appearing as a preferred option.

5. The 20th session of the UNWTO General Assembly in August 2013 approved the proposal to transform the ST-EP Foundation into an independent organization, the new International ST-EP Organization (resolution 622(XX)).

6. The General Assembly also encouraged Members to consider joining the International ST-EP Organization, in an effort to continue supporting the ST-EP Initiative, and its impact on poverty alleviation through sustainable tourism development.

B. Actions undertaken

7. In September 2013, the Chairperson of the ST-EP Foundation and the UNWTO Secretary-General sent a joint communication to all UNWTO Member States inviting them to join the new International ST-EP Organization. This first communication was followed by two other communications, sent out in February and August 2014, in which UNWTO Member States were encouraged to start the ratification process to be able to sign the Agreement on the Establishment of the International ST-EP Organization. The responses from the countries were very positive, and by January 2015, 24 Member States had submitted an official expression of interest to join the new ST-EP Organization.

8. During the Thirteenth Meeting of the Board of Directors of the UNWTO ST-EP Foundation, held in Madrid, Spain, on 30 January 2015, the Board adopted the decision on the transformation process of the UNWTO ST-EP Foundation into the International ST-EP Organization. Bearing in mind that Article 22.1 of the Agreement on the Establishment of the International ST-EP Organization provides that the Organization will be effectively established after two instruments of ratification, acceptance, approval or accession have been deposited with the Depository, the Board of Directors of the ST-EP Foundation decided to dissolve the Foundation in view of the establishment of the International ST-EP Organization that will succeed the Foundation, and it agreed that the ST-EP Foundation would continue to operate until the International ST-EP Organization has been established and that the dissolution would be effective on the date of the establishment of the new International ST-EP Organization.

C. Establishment of the International ST-EP Organization

9. On 4 February 2015, six countries (Cambodia, Ethiopia, Guatemala, Paraguay, Peru and the Republic of Korea) signed the Agreement on the Establishment of the International ST-EP Organization. Subsequently, Bosnia and Herzegovina, Côte d'Ivoire, Democratic Republic of the Congo, Timor-Leste, Tunisia and Uganda also signed the Agreement on the Establishment of the International ST-EP Organization, and several other countries have indicated their intention to sign the Agreement soon. The Agreement for the Establishment of the International ST-EP Organization is available for reference (Annex 1).

10. In accordance with Article 22.1 of the Agreement on the Establishment of the International ST-EP Organization, the Organization will be effectively established when 2 countries have deposited their instrument of ratification with the Depository (the Government of the Republic of Korea). The Government of the Republic of Korea is at the final stages of completing its own ratification process, which is expected before the end of 2015. Following that ratification, prospective ST-EP members will be informed of the procedure to follow for their own ratification.

11. The establishment of the International ST-EP Organization will mark the start of a new era in the ST-EP Initiative. It is the intention that many more countries will join the International ST-EP Organization, so that a sound membership base will be created, serving as a strong fundament to provide guidance for the future direction of the ST-EP Initiative, to raise awareness on the important contribution that tourism can make to poverty reduction, to help identify new opportunities for project

interventions, and to mobilize donor funding. In view of this, the endeavour of the International ST-EP Organization is to welcome at least 40 members in the coming years, representing the different regions of the world.

D. Future of the ST-EP Initiative

12. Stakeholders are confident that when a large number of countries have joined the International ST-EP Organization, the activities of the ST-EP Initiative can be further elaborated, in particular the ST-EP project portfolio, which has grown to over 100 projects (108 to be precise), benefiting more than 40 countries, with a total value of over US\$ 11 million.

13. As sustainable development and poverty reduction are main challenges the world is facing today, through the ST-EP Initiative, UNWTO endeavours to contribute towards the achievement of the Millennium Development Goals, as well as to the Post-2015 Development Agenda, including its Sustainable Development Goals. It is pertinent to mention that UNWTO will remain committed to further developing ST-EP as an inclusive initiative, which is accessible to the Members, and to continue working with partners, including the new International ST-EP Organization, to consolidate and expand the ST-EP activities.

II. Actions to be taken by the General Assembly

14. The General Assembly is invited:

(a) To take note of the important work of the Secretariat, the UNWTO ST-EP Foundation and the Government of the Republic of Korea in facilitating the transformation process of the ST-EP Foundation into the new International ST-EP Organization; and

(b) To thank the Member States which have signed the Agreement for the Establishment of the International ST-EP Organization and to encourage other Member States to sign the Agreement.

Annex I. Agreement on the Establishment of the International ST-EP Organization

Agreement on the Establishment of the International ST-EP Organization

The Parties to this Agreement,

Recognizing that sustainable and responsible forms of tourism can have positive impacts on the global economy through income generation and job creation, while contributing significantly to the elimination of poverty and inequalities in developing and emerging countries;

Acknowledging the need to bolster international development cooperation through projects and programs aimed at increasing the benefits of tourism for poor communities, and desiring to promote the integration of the four dimensions of sustainable development: economic growth and the end of poverty, social inclusion, environmental sustainability, and good governance, towards the achievement of the United Nations (UN) Millennium Development Goals (UN MDGs) by 2015 and the Sustainable Development Goals (UN SDGs) by 2030;

Bearing in mind that, in September 2004, the Ministry of Culture, Sports and Tourism of the Republic of Korea and the World Tourism Organization (hereinafter referred to as 'the UNWTO') agreed to establish the UNWTO Sustainable Tourism - Eliminating Poverty Foundation (hereinafter referred to as the "ST-EP Foundation") in Seoul, within the framework of the Sustainable Tourism Eliminating Poverty (ST-EP) Initiative launched by the UNWTO at the World Summit on Sustainable Development in Johannesburg in 2002;

Taking note of the successful achievements of the ST-EP Foundation since its establishment in 2004, and its important contribution to the ST-EP Initiative within its framework, strategy and activities;

Recalling that through Resolution 622 (XX) on August 2013, the UNWTO's General Assembly approved the Secretary-General's proposal that the ST-EP Foundation become a fully independent international organization;

Taking note that a Working Group, composed of members of the ST-EP Foundation's Board of Directors, was constituted in August 2013 to oversee the process to develop a new international organization which would succeed the ST-EP Foundation and build on its activities and achievements, and which would pursue close collaboration with other international organizations, particularly the UNWTO, and international financial institutions that support sustainable tourism initiatives;

Also taking note that this new international organization, to be called the International ST-EP Organization, would have suitable governance, juridical personality, and appropriate international status, privileges and immunities and other conditions necessary to enable it to operate effectively towards the attainment of its objectives; and

Wishing to establish the general principles to be applied to this organization;

Have agreed as follows:
