TimeLooper revolutionizes tour destination experiences through its cutting edge VR/AR technology

How TimeLooper works

Case Study #1: Cambodia Angkor Wat temple

- **Partner : Ministry of Tourism, Cambodia**
- **Key Challenges**
 - Outdated visiting experiences
 - Limited possibility of creating additional economic value
 - Looking for innovative way of preserving/promoting intangible cultural heritages

Case Study #1: Cambodia Angkor Wat temple

Shared VR production expertise
and know-hows with local
production industry

Built new ecosystem with local
tourism industry to share
newly created economic value

Provided new interpretation
technology to help preserving and
promoting intangible heritages

Case Study #2: Hong Kong

- **Partner : Hong Kong Tourism Board**
- **Key Challenges**
 - Hard to overcome Stereotype : “Hong Kong is for Food and Shopping”
 - Visitors tend to visit only “most famous” spots
 - Difficult to apply “Hi-Tech” impression on tourism industry

Victoria Peak

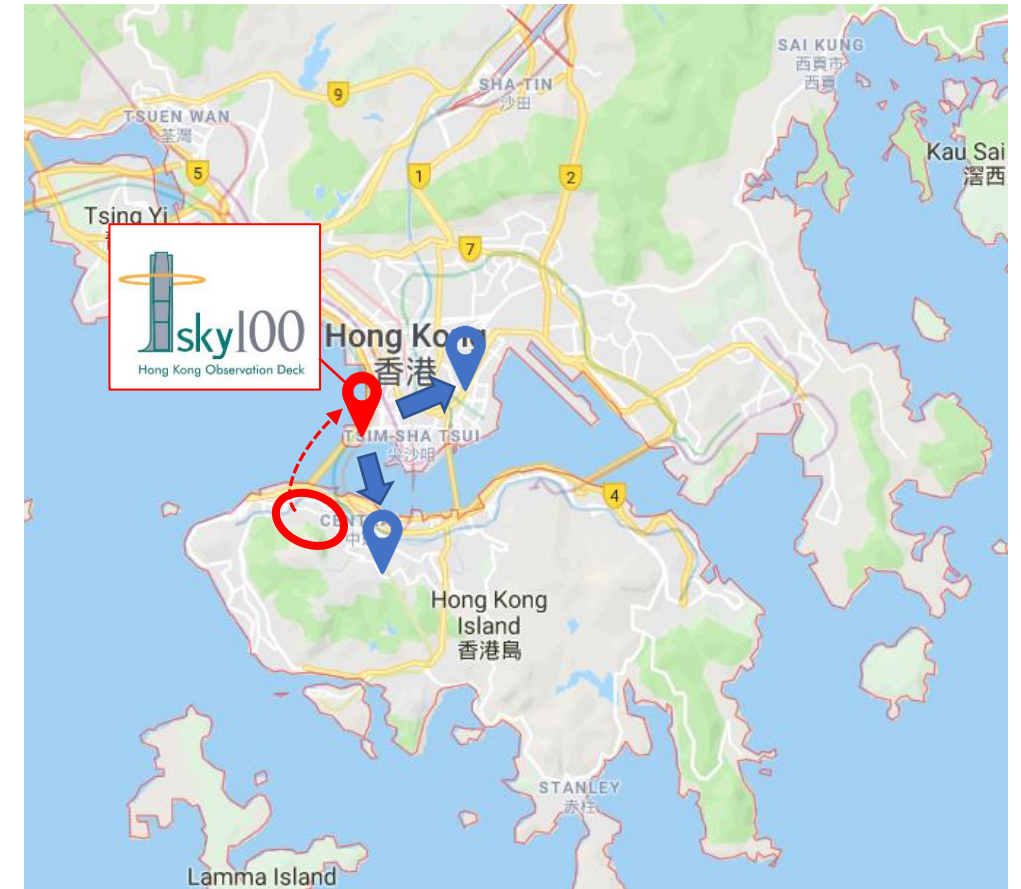

Case Study #2: Hong Kong

Promoted Hong Kong's history in innovative and fun way

Drove visitors to visit other “hidden gem” spots of Hong Kong

Case Study #2: Hong Kong

Created new revenue sources for local tourism

Enhanced Hong Kong's Hi-Tech impression even in tourism industry (big media coverage)

TimeLooper provides an end-to-end, one stop solution
