How will you #TravelTomorrow? Share your ideas with the world!

Where next for tourism?

For now, we stay at home. But we will travel again. And when we do, we will do so more consciously, more sustainably and with a greater feeling of solidarity than ever before.

As we look to the future, UNWTO wants to hear from the people who really make a difference – the tourists who travel for adventure, for education, to be inspired and to inspire others.

How will you travel tomorrow? And how do you think tourism will change after COVID-19? We want to hear your thoughts!

Submit a short video and the best will be shared among UNWTO’s Members and followers worldwide.
