Key Considerations

• **Pandemic**
  how long the pandemic will last and when a treatment or vaccine will become available?

• **Lifting of travel restrictions and lockdown measures**
  when will countries start easing restrictions and how?
  how will social distancing rules impact supply?

• **Consumer & Business confidence**
  how long it will take consumers to reassume travel?
  how will travel behavior change?

• **Economic impact**
  how deep and how long will the global recession be?
  what will be consumers’ discretionary spending decisions?

• **Governments Measures**
  how do government measures support tourism?
