Draft as of 12 August 2014

The General Assembly,

Recalling its resolutions A/RES/406(XIII) of 1 October 1999 and A/RES/438(XIV) of 29 September 2001,

Recalling also the United Nations General Assembly resolutions 56/212 of 21 December 2001, 60/190 of 22 December 2005 and 65/148 of 20 December 2010,

Reaffirming that UNWTO and its Member States are guided in their activities by the Charter of the United Nations and the norms and principles of international law,

Reaffirming also the fundamental aim of UNWTO to promote and develop tourism with a view to contributing to economic development, international understanding, peace, prosperity and universal respect for, and observance of, human rights and fundamental freedoms for all without distinction as to race, sex, language or religion,

Recalling the commitment of the Member States to respect, observe and disseminate the principles, values, standards and policies of UNWTO,

Acknowledging that tourism is one of the fastest growing economic sectors and that it can make significant contribution to sustainable development as emphasized in the outcome document of the United Nations Conference on Sustainable Development, entitled “The future we want”,

Noting the important linkage between sustainable tourism and the safeguarding of the natural and cultural heritage and welcoming in this regard the Memorandum of Understanding between UNWTO and UNESCO, signed in 2013, in which both Organizations pledged to join efforts to address these issues,

Reaffirming the importance of promotion of interreligious and intercultural dialogue, understanding and cooperation for peace<sup>1</sup> and underscoring the role of tourism as a vehicle for inter-cultural dialogue and cross-cultural understanding as mentioned in the International Cultural Tourism Charter adopted by ICOMOS at the 12<sup>th</sup> General Assembly in 1999,

Emphasizing, in particular, tourism’s role in fostering international cooperation and, in this regard, recalling that tourism activities should be conducted in full respect for the laws, practices and customs of the host countries as stipulated in the Global Code of Ethics for Tourism<sup>2</sup> and in conformity with the norms and principles of international law,

<sup>1</sup>A/RES/65/138.

<sup>2</sup>A/RES/406(XII).

Emphasizing also the need to minimize the potentially negative impact that tourism may have on the environment, cultural heritage and societies across the globe as emphasized in the Private Sector Commitment to the UNWTO Global Code of Ethics for Tourism, formulated by UNWTO in 2011 and,

Reaffirming in this regard the obligation of the Member States to respect and observe the principles contained in the Code of Ethics,

Underlining that armed conflicts have destructive effects on tourism and that peace and security are essential preconditions for travel and tourism as stipulated in the Manila Declaration on World Tourism of 10 October 1980<sup>3</sup> and the Amman Declaration on Peace through Tourism of 11 November 2000,<sup>4</sup> and in this regard, underscores the urgency of resolution of the existing armed conflicts worldwide in accordance with the Charter of the United Nations and norms and principles of international law that will contribute to revival of peaceful destinations,

Expressing deep concern with the instances of promotion of hazardous destinations, including conflict zones and organisation of tours to the territories that are not under government control due to the ongoing conflict and military occupation, which violate international humanitarian law, national laws of the affected countries and endanger safety, security and health of the tourists,

Recalling, in this regard, Article 8 of the Code of Ethics, in accordance with which, tourists and visitors should benefit from the liberty to move within their countries and from one State to another in compliance with international law and national legislation,

Reminding the Governments of their obligation to inform their nationals of the difficult circumstances that they may encounter during their travel abroad to specific destinations due to ongoing crisis or conflict and, in this regard, recalling the Declaration on the Facilitation of Tourist Travel,<sup>5</sup> in accordance with which Member States should take measures to restrict tourist travel, if this is indispensable to maintain security, safety, health and public order,

Noting with alarm that promoting conflict zones and territories that are uncontrolled by legitimate governments as tourist destinations creates breeding ground for exploiting tourism by the armed separatists, organized crime networks, terrorists and other illegal armed groups for malicious purposes, including money laundering, human trafficking, the counterfeiting, that generate illicit financial and material resources and help sustain armed conflicts,

Recognizing the devastating impact of such conflicts accompanied by illegal economic activities, including tourism on the peace and security and noting the negative impact of these conflicts on regional stability and, in this regard, recalling the obligations placed upon States by the Charter of the United Nations regarding the maintenance of international peace and security,

Expressing deep concern with politicization of tourism and using it as a means to propagate separatist regimes and misappropriation and misrepresentation of the cultural and natural heritage at international tourism fairs and other tourist events for political ends that
