METROPOLI
BUILDING A SUSTAINABLE FUTURE

UN-HABITAT
FOR A BETTER URBAN FUTURE

STRATEGIC ALLIANCE FOR PRACTICAL IMPLEMENTATION OF SUSTAINABLE DEVELOPMENT GOALS
Atlantic Ocean
Maio ECOISLAND

Landscape Components

- Nature protection
- Biodiversity
- Landscape improvement
- Ecosystem restoration
- Reforestation
- Wildlife observation
- Pedestrians and bicycles
- Viewpoints
- Green equipment
- Rural communities
- Sustainable fishing and diving
- Organic farming and greenhouses
- Renewable energy
- Ecovillages
Maio ECOILHA

CLUSTERS ECONÔMICOS

- Turismo em várias modalidades
- Comércio
- Artesanato
- Agricultura biológica
- Saúde
- Educação
- Economia Residencial
- Soluções Urbanas
- Design e Incubação da Empresa
- Fintech
Maio ECO Island

Basic Infrastructures and Services

- Commercial and private flights
- Port
- Cargo and passengers
- Roads and local coexistence roads
- Cycling routes
- Electric mobility
- Collective transport
- Landscape paths
- Desalination and water purification plants
- Wastewater treatment plants
- Comprehensive waste treatment
- Photovoltaic plants
- Wind farms
- Fiber optic and wifi
- Smart security systems
Maio ECOILHA

ECOTECNOLOGIA

- Fibra Óptica e Tecnologia Digital
- Ecobarcos
- Mobilidade Elétrica
- Transporte Coletivo
- Energia Fotovoltaica
- Dessalinização da água do mar
- Ciclo Completo da Água
- Sistema Inteligente de Segurança

ECOTECHNOLOGY

- Optical fiber and digital technology
- Ecoboats
- Electric mobility
- Public Transport
- Photovoltaics
- Seawater desalination
- Complete Water Cycle
- Intelligent Security System
LITTLE AFRICA

- First phase investment €550 million
- Direct jobs 8,000 / 10,000
LITTLE AFRICA

- Beginning of construction in January 2021
- Opening in December 2023
- Total time period of 36 months
