---

**GLOBAL T&T GDP GROWTH VS. ECONOMY GDP GROWTH**

![Chart showing the comparison between global T&T GDP growth and global economy GDP growth from 2011 to 2019.](chart.png)
TRAVEL & TOURISM
ECONOMIC IMPACT FROM COVID-19

GLOBAL DATA

Travel & Tourism jobs 2019:
330 MILLION
= 1 in 10 jobs
1 in 4 of all net new jobs were created by Travel & Tourism over the last five years

Travel & Tourism GDP 2019:
10.3% of global economy
= $8.9 trillion
3.5% Travel & Tourism GDP growth vs. 2.5% real economy GDP growth

UNPRECEDENTED PROJECTED LOSSES FOR 2020

Travel & Tourism jobs:
100.8 MILLION
↓31% job losses

Travel & Tourism GDP:
2.7 TRILLION USD
↓30%

Travel & Tourism global economic impact of COVID-19:
5x the impact of the 2008 Global Financial Crisis

Global unemployment rate directly from Travel & Tourism job losses.

We need to learn from the past …

- Do not try to reinvent or create new travel processes
- Avoid creative solutions in silos and local standards
- Learn from people involved in outbreak response (Hotel rooms – COVID-free)

→ 9/11 – very slow processes and impact in recovery
→ 2008 -- coordinated approach via G20 (Private-Public)
→ SARS, MERS, EBOLA

TO RECOVER FASTER …

- Essential public and private COLLABORATION
- Enhance current SEAMLESS TRAVEL EXPERIENCE
- Embrace GLOBAL STANDARDS & PROTOCOLS to ensure re-building trust of the travellers
- Embrace new TECHNOLOGIES to allow contact tracing & testing in coordination with sector standards.

90 Crises
(2001-2018)

36% Natural Disasters
32% Terrorism and Security related incidents
19% Political Instability
13% Disease or Outbreaks

Natural Disasters
Terrorism and Security related incidents
Political Instability
Disease or Outbreaks

90 Crises
(2001-2018)
Principles for Recovery

1. A global coordinated approach to re-establish effective operations, remove travel barriers and reopen borders.

2. Enhance existing Seamless Traveller journey experience by adding health components and combining the latest technology, necessary protections and protocols
   - Before the Vaccine: integrate testing and contact tracing to the key end to end traveller journey touchpoints with airports, airlines, hotels, tours, etc.
   - After the Vaccine: integrate a possible digital health stamp to the traveller information before the trip begins

3. Implement global protocols or standards defined by travel and tourism private sector, health experts and public sector to gain back traveller confidence

4. Continue to support Travel & Tourism sector during the recovery phase with financial aid and promotion
Global Protocols

- WTTC alongside our Members, governments, health experts (WHO and CDC guidelines) and other industry associations are working together to **develop effective recovery protocols to optimise sector-wide recovery efforts**

- Launched: Hospitality & Outdoor Retail, Aviation, Airports, Tour Operators & MICE
- Next: Insurance & Car rental

- Designed to **rebuild confidence among consumers & ensure alignment of private sector**
- Now **calling on governments to adopt them**

- The protocols are divided into **four pillars**:  
  - Operational and staff preparedness  
  - Ensuring a safe experience  
  - Rebuilding trust  
  - Confidence & implementing enabling policies
Endorsement from: UNWTO, Expedia, Trip.com and others
Countries and destinations so far include: Saudi Arabia, Portugal, Barcelona, Cancun, Seville, Mauritius and Ontario

His Excellency, Ahmed Al-Khateeb, Saudi Arabia Minister of Tourism, said:
“As Chair of this year’s G20 Tourism Track, we are putting public-private cooperation at the heart of international efforts for a swift recovery. The WTTC’s new Safe Travels global protocols are an essential step on that path to recovery, by helping to provide consistency and reassurance for travellers.”

Zurab Pololikashvili, UNWTO Secretary-General, said:
“We welcome WTTC’s global safety stamp and Safe Travels protocols and its contribution to restoring confidence. This is key to build trust and we will only succeed if we work together. We are united in the common goal of tourism’s comeback to generate benefits going far beyond our sector. Trust and tourism will catalyse consumer demand, investments and jobs, thus generating opportunities for all.”

Regional Bubbles and Corridors

Bubbles can help to recover faster
Travel bubbles require agreements among partner countries

Australia – New Zealand
• Proposal to be presented in early June
• Possible to expand in the future to Taiwan, Hong Kong, Singapore & South Korea and Indonesia

China / S. Korea / Japan
• Phased reopening of borders
• China & South Korea to fast-track entry for businesspeople - simplified health and immigration checks
• Expand to Singapore

Within EU
• Estonia, Latvia and Lithuania opened borders on May 15th. Finland and Poland may be next to join (Baltic Bubble)
• 7 South European countries coordinating opening approach

Critical Components
✓ Medical
✓ Political
✓ Tourism
Thank you
