When do you expect international tourism to return to pre-pandemic 2019 levels in your country?

Most tourism experts do not expect international tourism to return to pre-COVID levels before 2023

WHATHAS CHANGED?

Changes in traveller behaviour in times of COVID-19

-short-lived trends or here to stay?-

Closer

Domestic tourism has shown positive signs in many markets since people tend to travel closer. Travellers go for 'staycations' or vacations close to home.

Get away

Nature, Rural Tourism and Road Trips have emerged as popular travel choices due to travel limitations and the quest for open-air experiences.

New concerns

Health & Safety measures and cancellation policies are consumers' main concerns.

Last minute

Last-minute bookings have increased due to volatility of pandemic-related events and the travel restrictions.

Changes in traveller behaviour in times of COVID-19

-short-lived trends or here to stay?-

Younger travellers most resilient

Change in demographics:

travel recovery has been stronger among younger segments. 'Mature' travellers and retirees will be the most impacted segments.

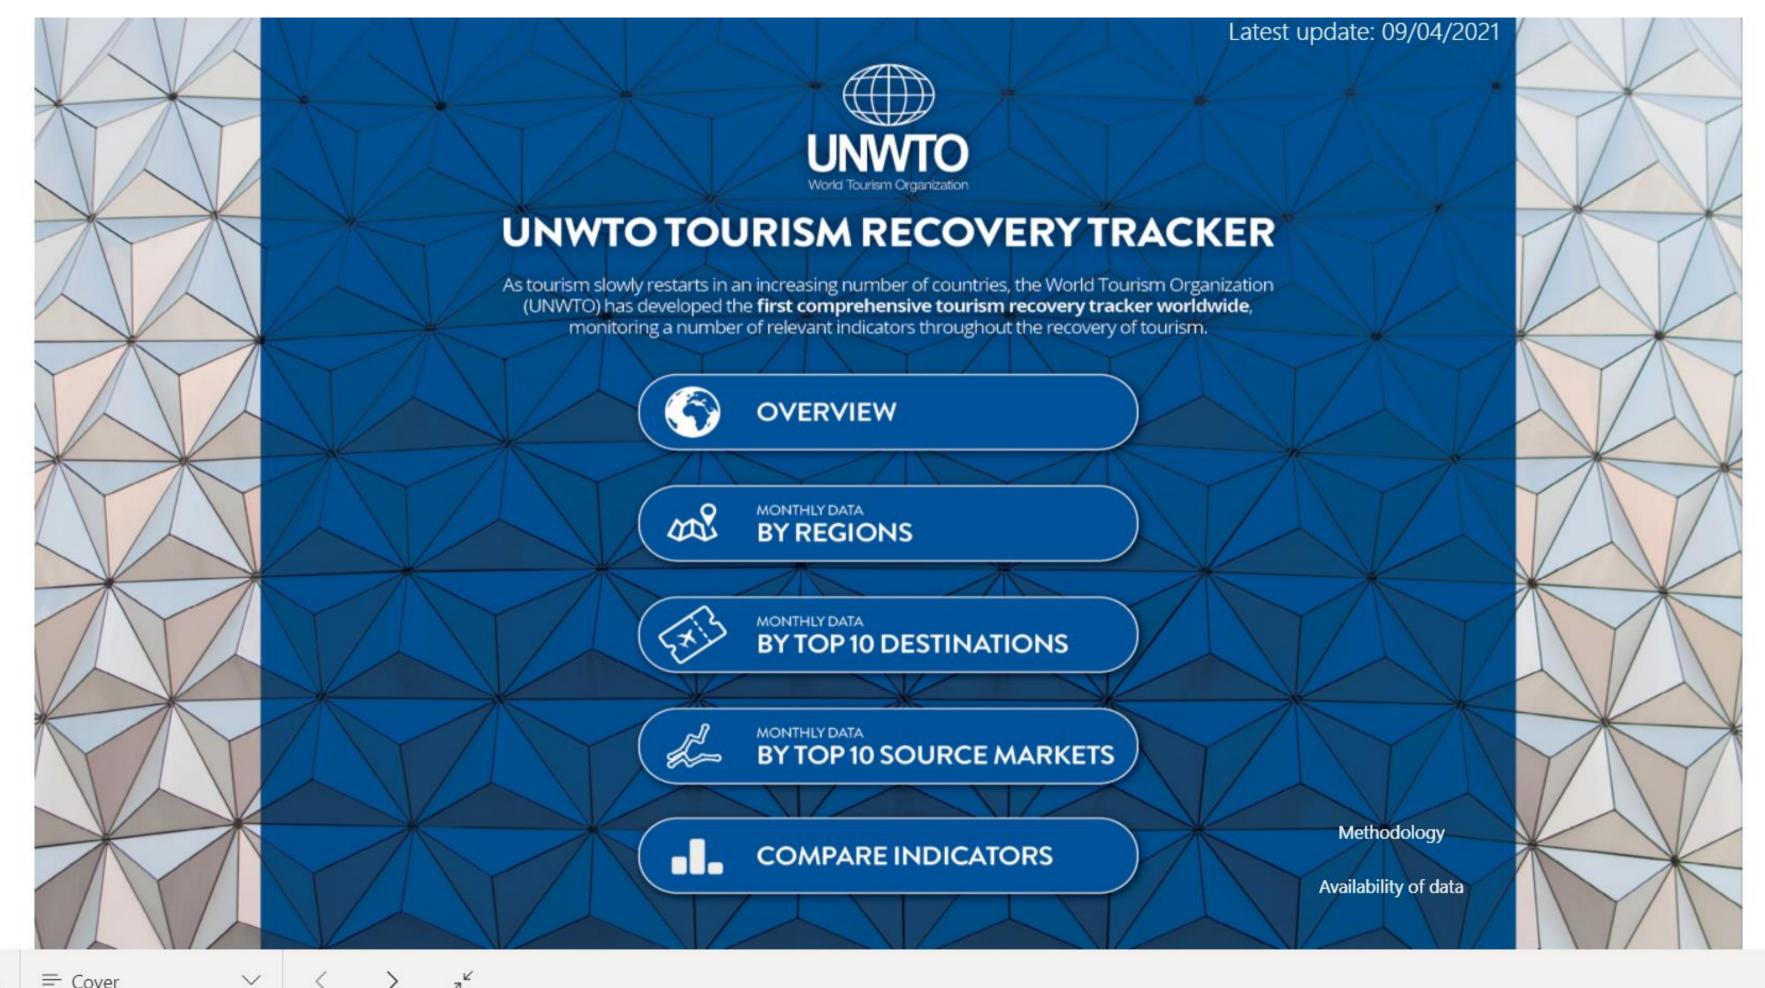

More responsible

Sustainability, authenticity and localhood:

travellers have been giving more importance to creating a positive impact on local communities, increasing looking for authenticity.
