**Before you depart**

Engage a Fiji Yacht Agent to liaise with the relevant authorities on your behalf. There are three based at Port Denarau: Yacht Help, Seal Superyachts Fiji and Yacht Partners.

Undertake a RT-PCR test to determine your COVID-19 free status. Lab test results must be shown on a laboratory letterhead. **IMPORTANT:** The time between your test and departure for Fiji should be less than 72hrs.

Submit your completed entry application to your appointed yacht agent along with:
- a) the crew’s negative test results
- b) an itinerary for your stay in Fiji. Your agent will liaise with the Fijian government COVID-19 Risk Mitigation Taskforce (CRMT) to review and approve.

Download and activate the careFIJI App to assist Fijian authorities with their contact tracing efforts in-country.

Activate your AIS so that the Fijian Navy can confirm uninterrupted sailing and determine the amount of time you need to spend in quarantine when you arrive.
