VIII. 42nd UNWTO Plenary Session of the Affiliate Members

21. One of the most important meetings of the Affiliate Members was the 42nd Plenary Session, held in Madrid on 5 and 6 November 2020. It was one of the first events held by UNWTO in a hybrid format, in which more than 200 Affiliate Members from all over the world participated in a face-to-face and virtual format.

22. The plenary session focused both on the immediate priorities for the vital revival of tourism and on the longer-term task of ensuring that the sector remains a fundamental pillar of sustainable development. One of the most important themes of the session was the presentation of the proposed Programme of Work for 2021. The process of drawing up and developing the Programme is largely in line with new business models, public-private cooperation and the increase of value of membership. The Affiliate Members submitted numerous proposals to the Affiliate Members Department to be incorporated into the Programme of Work, not only in the areas we want to develop, but also in the areas where we have the capacity and experience to support the activities of UNWTO and its Member States. This approach is truly in line with the objective of improving opportunities for cooperation between Member States and Affiliate Members.

23. The best initiatives of the Affiliate Members received the valuable "Awards to outstanding initiatives shared with the UNWTO by our Affiliate Members" at a gala organized in the framework of the plenary session.

IX. Incorporating substantial contributions from Affiliate Members to strengthen the capacity of the Organization
