Technical/Concept Note

Item 09. Intervention by CAP-CSA Members on Tourism Recovery in Response to COVID-19

1. Registration

As indicated in the Provisional Agenda of the 33rd Joint Commission Meeting, the Member States are invited to deliver a 3-minute Intervention. The floor shall be given to the countries upon their written request in advance. If your country wishes to participate in the interventions, please send us the details of a representative who will take the floor (Name, Title, Email) by email at rdap@unwto.org before Sunday, 05 September.

Kindly note that the Chair of the Commission may not be able to give the floor to the Members who have not requested in advance given the time and technical limitations that may arise.

2. Topics

In the context of the COVID-19 crisis, the Intervention by the Member States aims to share knowledge and experiences to advance the recovery of tourism. From this exchange should emerge the responsible policies necessary to face the challenges of building a safe and sustainable recovery of the tourism sector, promoting economic diversification and productive transformation in rural areas, the efficient use of digital technologies, and advancing decent work in the tourism sector.

In this regard, we advise the Member State to focus on the following topics.

- An overview of your country’s ongoing efforts to restart tourism and the challenges being faced
- An overview of your country’s policy measures for restarting tourism and the accompanying challenges

3. Timing

Interventions must be limited to 3 minutes.

4. For more information

You may contact Ms. Eunji Tae (etae@unwto.org; rdap@unwto.org) for more information.
