3. 43rd UNWTO Affiliate Members Plenary Session

The 43rd UNWTO Affiliate Members Plenary Session will take place on 30 November in Madrid as the first official activity of the General Assembly. The Plenary Session is the most important governing structure of the Affiliate Members and offers them an ideal setting to share initiatives and debate on the annual Programme of Work.

This year, the Affiliate Members Plenary Session will be held in the framework of the General Assembly, which provides the Affiliate Members with the opportunity to participate in the sessions of the General Assembly and other relevant events and activities, contribute to the UNWTO Programme of Work along with the Member States, hold bilateral meetings with high-level public sector representatives in order to discuss public-private cooperation issues, and be updated on the UNWTO’s overall activity.

On this occasion, the agenda of the Affiliate Members Plenary Session will focus on the following priority topics:

- Joint Affiliate Member actions for tourism recovery;
- Review of the Programme of Work 2021 and proposals for the Programme of Work for 2022-2023; and
- Approval of the revised Legal Framework of Affiliate Membership.
In addition, the 43rd Plenary Session will take place prior to the election of the new Board of the Affiliate Members. Therefore, the Affiliate Members who will be presenting their candidatures will have an ideal opportunity to network and promote their candidatures a few days before the voting phase.

For further information, please contact the Affiliate Members Department: am@unwto.org

4. **Thematic Session: Innovation, Education and Rural Development to Build Back Better**

On 2 December, the Thematic Session: Innovation, Education and Rural Development to Build Back Better in Tourism will focus on how to harness the contribution of youth, entrepreneurs and policy makers to drive inclusive recovery through tourism and leave no one behind.

The event is divided into three segments and will be preceded by a keynote on the launch of the UNWTO Tourism for Tomorrow programme which aims to accelerate the economic recovery of the tourism ecosystem by scaling up innovative Small and Medium-sized Enterprises (SMEs) and Travel Tech and Mobility Startups.

(I) **2021 Global UNWTO Students’ League:** This session will showcase how youth and the future tourism leaders of our sector are a powerful asset when creating sustainable solutions to build back better, as well give the audience an inspiring insight into their thoughts about the tourism sector, its future and their future within it. To get to this session, the winning Students of the 2021 Global UNWTO Students’ League, from 11- to 29-year-olds, will have previously competed in the League to give their best sustainable ideas on how to address the Challenges set for this year: ‘Rural Development through Tourism’ and ‘Plastics Pollution’.

(II) **Restarting tourism through Innovation & Education for future generations:** This session will focus on how innovation and education can foster inclusion and support destinations resiliency and competitively and will include case studies presenting the 4 winning startups from the UNWTO Global Rural Tourism Startup competition and how their ideas impact rural communities, offering insights and inspiration to future entrepreneurs and destinations.

(III) **High Level Debate on Policies to Foster Tourism for Rural Development:** This session will focus on how to develop effective policies for rural development through tourism including whole of government approach, financing, national / local policy coordination and public-private partnerships.

For any enquiries about the session, please contact: Addaia Arizmendi aarizmendi@unwto.org

5. **UNWTO Tourism Video Competition**

The 24th session of the General Assembly will feature the 5th edition of the UNWTO Tourism Video Competition.

The COVID-19 pandemic has proven the relevance of multimedia communications within the new reality. The ongoing shift towards digitalization, changing viewer and user habits and the consolidation of mobile-first strategies have all accelerated since the pandemic broke. In addition, destinations around the world are preparing to restart tourism committed to seizing tourism’s unmatched contribution to people and planet.

The competition will feature two categories:

- **Exceptional Stories of Tourism Resilience:** This category looks for remarkable examples which showcase the importance of the human aspect of tourism as a sector and with a positive social impact that generates optimism and opportunities for all.
• Tourism Promotion and the Decade of Action. This category looks for remarkable examples of how Member Countries are linking their promotional videos either directly or indirectly to the 2030 Agenda for Sustainable Development through references to one or several of the 17 Global Goals.

One winning video will be chosen per region for both categories. This is an opportunity to position tourism as a key recovery sector to grow back better, stronger and building resilience.

Member States are encouraged to submit videos for both categories. Affiliate Members are encouraged to submit videos for the “Exceptional Stories of Sustainable Tourism” category.

The winners of the 5th edition of the UNWTO Tourism Video Competition will be announced during the 24th session of the General Assembly.

8. Access to the meetings

In light of the currently evolving situation of the COVID-19 pandemic and the related worldwide restrictions of gatherings, the access to the venue of the session is limited to the Head of Delegation plus 2 persons.

A set of exceptional arrangements and special procedures to regulate the conduct of the session of the Assembly during the COVID-19 pandemic will also be communicated to the Member States in due course.

The names of the delegates of Full Members and Associate Members, of the observers of Affiliate Members and of the invited representatives of the United Nations and other international organizations, both intergovernmental and non-governmental, shall be communicated to the Secretary-General, if possible, at least fifteen days before the session of the Assembly opens. (Rule 12(1) of the Rules of Procedure of the General Assembly)

Please note that since the twelfth session of the General Assembly, only credentials from Heads of State or Prime Ministers, Ministers of Foreign Affairs or Ministers responsible for tourism of the respective State or his/her equivalent are regarded as valid. Further, credentials can be accepted only if written in any of the working languages of the General Assembly or if an appropriate translation is attached. 10. Procedure for proxies

If a Full Member is unable to participate in the General Assembly, it can be exceptionally represented by a member of another State’s delegation, provided it submits a formal letter or fax signed by the competent authority designating the individual who will represent it and, if applicable, giving him/her the power to vote on its behalf. Please note that, unless the items for which the power to vote is given are clearly specified, it will be understood that the delegate has full powers to cast a vote on behalf of the government he/she is representing by proxy on any agenda item.

Furthermore, it should be noted that the General Assembly, at its twentieth session, adopted resolution 633(XX), which stipulates the following regarding mandates for representation:

- A mandate for representation can be given only in exceptional circumstances, duly explained in writing by the State giving the mandate;
- The Credentials Committee will assess the validity of these explanations;
- Only one mandate for representation may be given to a delegate representing another State;
- A mandate for representation may not be given to the Head of Delegation of another State; and
- The mandate for representation is valid for the whole session of the General Assembly.

The General Assembly, at its twenty-first session in Medellín, Colombia, in 2015 (resolution 649(XXI)) decided the following:

- The Credentials Committee will consider as invalid credentials in breach of the principle of secrecy of the vote;
- Once the Report of the Credentials Committee is issued, no further credentials or proxy letters will be considered by the Committee except:
  - When the Committee itself has invited the Full or Associate Member concerned to regularize its credentials or its proxy; and
  - When a State whose credentials have been accepted by the Committee does not have a representative for the remaining part of the session for reasons duly explained in writing by the State giving the mandate; in such case, the Committee will assess the existence of the exceptional circumstances justifying the proxy;
- The Chairs of the Regional Commissions will verify that the credentials and proxy letters comply with the applicable rules.

Please refer to the model of credentials for representation (proxy format) in Annex 2.

21. Practical information

**Climate:** In November and December, the average temperature in Madrid can range between 10°C during the day and 3°C at night. Winters in Madrid are cold and dry. However, completely clear days are very typical, so it is possible to enjoy sunny weather at midday.

**Official language:** Spanish

**Madrid local time (winter):** GMT +1

**Local currency and exchange rates:** The official currency of Spain is the euro (EUR). The applicable exchange rate in November 2021 is approximately USD 1.16 to EUR 1. Banks are open from Monday to Friday from 9 a.m. to 2 p.m. Throughout Madrid there are foreign exchange offices that are clearly indicated. There is also a currency exchange service at hotels. The city has numerous ATMs, and shops accept major credit cards.

**Electricity:** The electric current in Madrid is 220 volts, 50 Hz AC. Outlets take round pins. In any case, most hotels have adapters for special plugs. Participants should ensure that their electrical devices (computers, mobile phone chargers, razors, etc.) work with this voltage or, if not, use transformers and batteries that allow different voltages.

**Credit cards, shopping and tipping**

There are ATMs throughout the city, and in the vast majority of establishments it will be possible to pay for goods and services with a credit card (in the metro you can pay with a card, but not in the urban bus network).
Visa and Mastercard are the most widely accepted types of card, while American Express and Diners are less commonly accepted. Information regarding possible commissions for using credit cards in Spain should be consulted with the issuing bank, because transaction fees will depend on the entity managing the corresponding bank account.

Almost all establishments accept card payments, although some require a minimum charge (between 5 and 10 euros). Also, before getting into a taxi when not carrying cash, the driver should be asked if the taxi is equipped with a card payment terminal. There are different applications such as Free Now through which it is possible to request a taxi and pay with a card using it.

The concept of tipping in Madrid is directly related to customer satisfaction regarding the treatment received. Tipping continues to be considered in its original meaning as being “voluntary” and at the discretion of the consumer, at least among the national clientele, and the personnel of the service sector are well aware that nothing is taken for granted.

In some restaurants it is customary to charge an additional 2 to 3 euros for serving bread or a small appetizer - which the establishment is obliged to disclose, and can be rejected if not desired - but, in general, what the customer decides is respected when it comes to expressing appreciation for the friendliness and quality of the service in the final bill.

This custom extends to other tourism services in which there is some type of personal treatment, such as hotels, taxis, beauty salons or hairdressers.

It should be noted that all establishments include the price of the service, but in hotels and restaurants it is common to see “VAT not included” on the menu. This means that a 10% surcharge will be added to the price of what was consumed.

**Health regulations and precautions:** It is not necessary to be vaccinated against any disease in order to travel to Spain.

**COVID-19 situation:** see updated information at:
[https://cnecovid.isciii.es/covid19/](https://cnecovid.isciii.es/covid19/)

**Medical services:** Madrid has a good network of health centres (primary care services) and hospitals.

**Local transport rates:** The fare for the taxi ride between the airport and the city ranges between 20 and 30 euros. The price of a single local bus ticket ranges from €1.50 to €2 and tickets for 10 trips can be purchased for €12.20.

**Useful telephone numbers:**
Medical emergencies: 112
Police: 091
